Hi everybody!

It's me, **Sammy The Silkworm**, coming to you from the **P&A Cocoon**.

Well, what a week I've had! We got back last week from Peter's Lecture tour, and we haven't stopped to hardly blink!! Peter decided we were going to print our beautiful 6 foot dragon silks with the red background. Well they certainly came out wonderful, but my little self is completely worn to a frazzle from producing all that silk!

This week I know Peter is offering our **Frankie the snowman set** as a fantastic deal and this will be the last holiday special for this year. But don't worry, you'll still hear from me every week. This is our biggest special and will run from now until December 31st, or while quantities last.

Peter said if you order the **small snowman set** he will send you a **free 18" seven of clubs card silk worth \$25, and free shipping. That's a 32.50 value!** Or, if you order our **jumbo snowman set**, Peter will send you an **18" Queen of Clubs, 18" Queen of Spades, and an 18" seven of clubs silk. That's a \$95 value plus free shipping and handling, making the total value a savings of \$102.50.** What's wrong with this guy? He won't be able to afford my mulberry leaves!

Well guys, we're really busy so it's back to work. Keep those orders coming, and have a safe and wonderful Thanksgiving with the special people that you hold dear. (which reminds me, I need to drop in on a certain "you know who"!

As usual from the cocoon,
Love and kisses,
Sammy
